

April 19th: 12:00 - 2:00 pm

### **VCCC Antique Chapter Good Friday run for pre-WWII vehicles.**

This run is weather dependent.

Meet at noon at 1675 Cliveden Ave. on Annacis Island (at the far west end of the Island). This is the same location as last year and is where Totem A&T hosts the Model T driving clinic. There is lots of street parking for trailers. Please note there are no washroom facilities, however Tim Horton's is just down the road. Leave at 12:30 for 1/2 hour drive, returning to Tim Horton's for a warm-up coffee.

We will be leaving the island on the old bridge and will make our way through Queensborough to River Road. This scenic drive continues along the Fraser River for some miles until we get to #6 road. We'll head south and eventually make our way back to the Timmy's at Cliveden and Carlton Ct. on Annacis Island. Print off these route instructions - limited extras will be available. Traffic should be light and stop signs, traffic lights and hills are minimal.

Contact Derek Morton (604-671-9840) in the morning if unsure about a weather cancellation.
